

South African Society for Clinical Microbiology

Workshop on Surveillance for Antimicrobial Resistance in South Africa

South African Society for Clinical Microbiology is hosting a Workshop on Surveillance for Antimicrobial Resistance in South Africa as a satellite meeting during the Pathvine FSASP 2010 conference.

Date: Friday 3 September

Time: 13h00 – 17h00

Venue: Lord Charles Hotel, Somerset West

Please note that this is the final and correct date.

The aims of the workshop are:

- To bring together all the major role players concerned with antimicrobial resistance surveillance
- To briefly present/ summarise current surveillance activities
- To highlight strengths and limitations of current activities
- To advise on feasible future surveillance activities
- To advise on desirable surveillance outputs

The workshop is presented free of charge, but places are limited. To

confirm your attendance, please email Colleen Bamford at

Colleen.Bamford@nhls.ac.za if you have not previously done so.

Please note that SASCM does not sponsor members to attend meetings and therefore individuals are responsible for their own travel and accommodation costs.
